

## SATS Results 2015

Every year the school receives a document from Ofsted called RAISEonline which is an analysis of the school's performance in the SATS tests. The tables below show some of the main messages coming out of RAISEonline this year.

		Portway Junior School	Derby City	National
% Level 4+	Maths	89%	84%	87%
	Reading	93%	87%	89%
	Writing	91%	83%	87%
	Spelling, Grammar & Punctuation	89%	76%	80%
% Level 5+	Maths	48%	37%	42%
	Reading	61%	43%	48%
	Writing	51%	34%	36%
	Spelling, Grammar & Punctuation	74%	52%	56%

You can see from **Table 1** that our school's attainment was higher than local and national averages in every subject at Level 4 and 5. What is especially noteworthy again this year is the strong performance of children at Level 5 – the level awarded to higher attaining children.

**Table 2** shows that the number of children who achieved Level 4 and Level 5 in Reading, Writing and Maths combined is well above national averages. This shows that the overwhelming majority of children at our school go on to secondary school with the reading, writing and maths skills essential for success in their next stage of learning.

**Table 3** shows pupil progress at our school compared with national rates of progress. Children's progress is measured from when they leave infants to when they leave our school (from the end of Key Stage 1 to the end of Key Stage 2). The government calls this 'Value Added'. In other words, how far we have moved children on in the four years they have been at Portway Junior School. This measure is the most important and it is the main measure Ofsted look for. Progress in maths is very good and is better than the national average. Progress in reading is similarly good and is also higher than the national average. Progress in writing is also very good this year and is above the national average. These results are, for another year, very positive. Our challenge now, as ever, is to maintain these standards year on year – especially now that end of Key Stage 2 tests will be changed and, consequently, the measures by which schools are judged are changed, too.

	Portway Junior School	National
% Level 4+ in Reading, Writing and Maths combined	84%	80%
% Level 5+ in Reading, Writing and Maths combined	31%	24%

	Portway Junior School	National
% of pupils making expected progress in Maths	96%	90%
% of pupils making expected progress in Reading	92%	91%
% of pupils making expected progress in Writing	97%	94%
